In addition to the orders already issued, the following further instructions are issued for the information ^{and guidance} of Medical Officers and subordinates in dealing with the present influenza epidemic in the State.

Bangalore and Mysore Cities.

The Sub Assistant Surgeons in charge of the Branch Dispensaries will see that stock mixtures for the treatment of influenza cases are prepared in large quantities and kept ready for use in their dispensaries at all times. These mixtures should be left in charge of the Compounder and the medical student posted to the dispensary for temporary duty, for distribution to patients or to the relatives of patients that may apply for such mixtures at the Dispensary. This will enable the Sub Assistant Surgeons free to itinerate within their respective jurisdictions, which they must do for ^{Two} ~~three~~ hours in the morning and three hours in the evening to see bad cases of influenza in their ^(i.e. the patients, etc.) houses and afford medical relief. *The Sub Assistant Surgeons will work in the dispensaries for two hours in the morning - say from 7 to 9.*

In the Districts.

The Sub Assistant Surgeons (or Assistant Surgeons) in ~~charge~~ charge of Local Fund Dispensaries will likewise itinerate in their jurisdictions every day, after their dispensary work is over, and supply influenza mixtures to all applicants therefore both in the dispensary and in their itineration. They will obtain their stock of medicines from the District Hospital, which will be supplied with large quantities of the drugs which form the ingredients of Mixture saline diaphoretic, mixture stimulant expectorant, and Mixture Protussi, and Thymol solution.

'Sir,

In enclosing a copy of D.O. of even date received from the Chief Officer, Bangalore City Municipality, regarding the inadequacy of the allowance of Rs.30 per mensem sanctioned to be given to Sub Assistant Surgeons of Branch Dispensaries, for itineration in their jurisdictions, and also the necessity of granting a suitable allowance to Miss. Ayachammal, Surgeon, posted for similar work in the Bangalore City, I have the honor to request that Sub Assistant Surgeons be granted an allowance of Rs. 1-8-0 a day and Miss. Ayachammal or any other lady that may hereafter be posted for itineration work an allowance of Rs.3 a day, as conveyance allowance.

D.O. letter dated 28th October 1918, from the Chief Officer,
Bangalore City Municipality, to the Senior Surgeon.

Miss. Ayachammal, L.M.& S., reported herself to the Honorary
President for duty this morning. As personally instructed by
you she will be requested to do itineration work, rendering
medical assistance to women, especially gosha women. Would it not
not be as well to fix a suitable conveyance allowance to her ? I.
It may not be feasible to provide her with a motor car immediate-
ly. It is only in the event of a liberal allowance being sanc-
tioned that any one can secure a conveyance in these troublous
times.

I would also beg to urge that the sum of Rs.30- now sanc-
tioned to the Sub Assistant Surgeons in charge of the City Dis-
pensaries is utterly inadequate. They cannot even get a jutka
for 3 or 4 hours' itineration at 1 rupee a day. I request that
their allowance may also be suitably enhanced.

Sir;

I have the honour to submit the following report for the week ending Monday 2nd December 1918, of the work done by the Medical Department in connection with influenza.

Supply of Medicines:- 31 consignments of medicines were despatched from the Medical Stores during the period 25th Nov. to 1st December and these were supplied to 4 institutions in the Bangalore City, 13 in the Kolar District, 10 in the Madur District, 3 in Hassan District and one in the Mysore District.
